INDEX SLIP.

METHUEN, PAUL A., and HEWITT JOHN.—A Contribution to our Knowledge of the Anatomy of the Chamaeleons.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 89.

Anatomy of Chamaeleons.
PAUL A. METHUEN and JOHN HEWITT.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 89.

Chamaeleons, Anatomy of.
PAUL A. METHUEN and JOHN HEWITT.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 89.

SUTTON, J. R.—Barometric Variability at Kimberley and elsewhere.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 105.

Barometric Variability at Kimberley and elsewhere.
J. R. SUTTON. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 105.

Kimberley, Barometric Variability at.
J. R. SUTTON. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 105.

DALTON, JOHN P.—On an Experimental Modification of Van der Waal's Equation.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 123.

Van der Waal's Equation, an Experimental Modification of.
JOHN P. DALTON. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 123.

MARLOTH, R.—A new Mimicry Plant, *Mesembrianthemum lapidiforme*.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 137.

Mimicry Plant, new, *Mesembrianthemum lapidiforme*.
R. MARLOTH. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 137.

Mesembrianthemum lapidiforme, a new Mimicry Plant.
R. MARLOTH. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 137.

MUIR, THOMAS.—Note on a Theorem of Ph. Gilbert's regarding the Differentiation of a Special Jacobian. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 139.

Gilbert, Ph., Note on a Theorem of, regarding the Differentiation of a Special Jacobian.
THOMAS MUIR. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 139.

Jacobian, Note on a Theorem of Ph. Gilbert's regarding the Differentiation of a Special.
THOMAS MUIR. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 139.

BEDFORD, G. A. H.—A curious Mosquito, *Culex theileri*.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 143.

Mosquito, A curious, *Culex theileri*.
G. A. H. BEDFORD. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 143.

Culex theileri, A curious Mosquito.
G. A. H. BEDFORD. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 143.

INNES, R. T. A.—The Triple Stellar System of ζ Virgo and Σ 1757.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 145.

Stellar System, Triple, of ζ Virgo and Σ 1757.
R. T. A. INNES. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 145.

GODDARD, E. J.—Preliminary Note on some Phreodrilidae from the Wellington Mountains, S. Africa.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 147.

Phreodrilidae from the Wellington Mountains, S. Africa, Preliminary Note on some.
E. J. GODDARD. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 147.

S. Africa, Note on some Phreodrilidae from the Wellington Mountains.
E. J. GODDARD. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 147.

Wellington Mountains, S. Africa, Note on some Phreodrilidae from.
E. J. GODDARD. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 147.

GODDARD E. J.—On the Significance of the Somitic Constitution, Body Form, and Genital Apertures in the Hirudinea, in reference to the Arthropoda.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 148.

Hirudinea, Significance of the Somitic Constitution, Body Form, and Genital Apertures in, in reference to the Arthropoda.
E. J. GODDARD. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 148.

MUIR, THOMAS.—Note on Rosanes' Functions resembling Jacobians.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 157.

Rosanes' Functions resembling Jacobians.
THOMAS MUIR. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 157.

Jacobians, Rosanes' Functions resembling.
THOMAS MUIR. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 157.

INDEX SLIP.

SUTTON, R. J.—A Note on the Temperatures of the Air observed at Mochudi.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 163.

Temperatures of the Air observed at Mochudi.
R. J. SUTTON. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 163.

Mochudi, Temperatures of the Air observed at.
R. J. SUTTON. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 163.

DU TOIT, A. L.—On the Porosity of the Rocks of the Karroo System in South Africa.
Trans. R. Soc. S. Afric., vol. iv , 1915, p. 169.

Porosity of the Rocks of the Karroo System in South Africa.
A. L. DU TOIT. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 169.

Karroo System, in South Africa, Porosity of Rocks of.
A. L. DU TOIT. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 169.

Africa, South, on the Porosity of Rocks of Karroo System.
A. L. DU TOIT. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 169.

BEATTIE, J. C.—The Secular Variation of the Magnetic Elements in South Africa during the period 1900–1913.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 181.

Secular Variation of Magnetic Elements in South Africa during period 1900–1913.
J. C. BEATTIE. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 181.

Magnetic Elements, Secular Variation in South Africa during period 1900–1913.
J. C. BEATTIE. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 181.

Africa, South, Secular Variation of Magnetic Elements during period 1900–1913.
J. C. BEATTIE. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 181.

MUIR, THOMAS.—Properties of Pfaffians with their Analogues in Determinants.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 205.

Pfaffians, Properties of, with their Analogues in Determinants.
THOMAS MUIR. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 205.

Determinants, Properties of Pfaffians, with their Analogues in.
THOMAS MUIR. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 205.

ROSEVEARE, W. N.—Proof by elementary methods, without complex quantities, that every algebraic function (with real coefficients) has factors of the form $(x^2 - px + q)$ $(p, q$, real), and hence, every algebraic equation with coefficients real or imaginary has real or imaginary roots, equal in number to the degree of the equation.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 215.

Algebraic functions, Note on.
W. N. ROSEVEARE. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 215.

ROSEVEARE, W. N.—On Malet's Proof that every Equation has roots, real or imaginary, equal in number to its degree.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 222.

Malet's Proof that every equation has roots, real or imaginary, equal in number to its degree.
W. N. Roseveare. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 222.

Algebraic Equations, Notes on.
W. N. Roseveare. Trans. R. Soc. S. Afric., vol. iv., 1915, pp. 215, 222.

Van der Bijl, Paul A.—Preliminary Investigation on the Deterioration of Maize, infected with *Diplodia Zeæ* (Schw.) Lev.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 231.

Deterioration of Maize infected with *Diplodia Zeæ*.
Paul A. Van der Bijl. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 231.

Maize, infected with *Diplodia Zeæ*, Deterioration of.
Paul A. Van der Bijl. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 231.

Diplodia Zeæ infecting Maize.
Paul A. Van der Bijl. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 231.

Dreyer, T. F.—Morphology of the Tadpole of *Xenopus lævis*.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 241.

Morphology of the Tadpole of *Xenopus lævis*.
T. F. Dreyer. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 241.

Xenopus lævis, Morphology of Tadpole of.
T. F. Dreyer. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 241.

Issel, Raffaele.—Morphological Study of *Strongylus Douglasi*, Cobbold.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 259.

Morphological Study of *Strongylus Douglasi*, Cobbold.
Raffaele Issel. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 259.

Strongylus Douglasi, Morphological Study of.
Raffaele Issel. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 259.

Muir, Thomas.—Note on the Product of a special N–line Determinant by its central minor of the $(N-4)$th order.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 273.

Determinant, Product of a special N–line, by its central minor of the $(N-4)$th order.
Thomas Muir. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 273.

Jolly, W. A.—On the Interpretation of the Electrocardiogram.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 279.

Electrocardiogram, Interpretation of.
W. A. Jolly. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 279.

Von Bonde, W.—On the Crystallography of Anatase Crystals from the Auriferous Conglomerate of the Witwatersrand.
Trans. R. Soc. S. Afric., vol. iv., 1915, p. 299.

Crystallography of Anatase Crystals from Auriferous Conglomerate of the Witwatersrand.
W. Von Bonde. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 299.

Anatase Crystals from the Auriferous Conglomerate of the Witwatersrand, Crystallography of.
W. Von Bonde. Trans. R. Soc. S. Afric., vol. iv., 1915, p. 299.

INDEX SLIP.

WAGER, HORACE A.—Some New South African Mosses.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 1.

South African Mosses, Some New.
HORACE A. WAGER Trans. R. Soc. S. Afric., vol. iv., 1914, p. 1.

Mosses, Some New South African.
HORACE A. WAGER. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 1.

BEATTIE, J. C.—Further Magnetic Observations in South Africa.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 9.

Magnetic Observations in South Africa.
J. C. BEATTIE. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 9.

South Africa, Further Magnetic Observations.
J. C. BEATTIE. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 9.

BEATTIE, J. C.—True Isogonics, Isoclinals, and lines of Horizontal Intensity for N. W. parts of Union of S. Africa and part of Great Namaqualand for the Epoch July 1, 1908.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 57.

South Africa, True Isogonics, Isoclinals, &c.
J. C. BEATTIE. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 57.

Isogonics, Isoclinals, &c.
J. C. BEATTIE. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 57.

Namaqualand, True Isogonics, Isoclinals, &c.
J. C. BEATTIE. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 57.

SCULLY, G. C., and WALKER, A. R. E.—Note on *Spodumene* from Namaqualand.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 65.

WALKER, A. R. E., and SCULLY, G. C.—Note on *Spodumene* from Namaqualand.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 65.

Spodumene from Namaqualand.
G. C. SCULLY and A. R. E. WALKER.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 65.

Namaqualand, *Spodumene* from.
G. C. SCULLY and A. R. E. WALKER.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 65.

MARLOTH, R.—Note on the Entomophilous Nature of *Encephalartos*.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 69.

Encephalartos, Note on Entomophilous Nature of.
R. MARLOTH. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 69.

JOLLY, W. A.—On the Electrical Changes in the Heart.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 73.

Electrical Changes in the Heart.
W. A. JOLLY. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 73.

Heart, Electrical Changes in the.
W. A. JOLLY. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 73.

RUDGE, W. A. DOUGLAS.—On the Daily Range of the Atmospheric Potential Gradient at Bloemfontein, and the influence of Dust-storms.
Trans. R. Soc. S. Afric., vol. iv., 1914, p. 75.

Atmospheric Potential Gradient, Daily Range at Bloemfontein, and the influence of Dust-storms.
W. A. DOUGLAS RUDGE. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 75.

Dust-storms, influence of, and the Daily Range of Atmospheric Potential Gradient at Bloemfontein.
W. A. DOUGLAS RUDGE. Trans. R. Soc. S. Afric., vol. iv., 1914, p. 75.
